ANAEROBIC PERFORMANCE  
AND EFFICIENCY IN TEAM GAMES  
VERSUS CLASSIFICATION OF ATHLETES WITH DISABILITIES

# List of contents

<b>Summary .....</b>	<b>13</b>
<b>1. Introduction .....</b>	<b>15</b>
1.1.Directions of paralympic movement .....	15
1.2.Importance of athletes' classification in paralympic movement .....	19
1.2.1. Classification systems and their influence on development of paralympic movement .....	19
1.2.1.1. Classification systems in wheelchair basketball, wheelchair rugby, and sitting volleyball .....	32
1.2.2. Problems of athletes classification in modern paralympic sport .....	36
1.3.Criteria of evaluation of athletes' classification in sport for persons with disabilities .....	41
1.3.1. Anaerobic performance as criterion of classification .....	54
1.3.2. Game efficiency in verification of classification systems .....	61
<b>2. Research aims, questions, and hypothesis .....</b>	<b>64</b>
<b>3. Materials and methods .....</b>	<b>65</b>
3.1.Materials .....	66
3.2.Methods .....	78
3.3.Statistical analyzes .....	84
<b>4. Results .....</b>	<b>89</b>
4.1.Anaerobic performance in evaluation of disabled athletes' classification .....	89
4.1.1. Upper limbs anaerobic performance of wheelchair basketball athletes .....	89
4.1.2. Upper limbs anaerobic performance of sitting volleyball athletes .....	91

4.1.3. Upper limbs anaerobic performance of athletes with locomotor disabilities trained different sport disciplines ..	92
4.2. Game efficiency in evaluation of disabled athletes' classification in team games .....	113
4.2.1. Game efficiency of female wheelchair basketball athletes representing different classes in World Championship 2006 ...	113
4.2.2. Game efficiency of male wheelchair basketball athletes representing different classes in World Championship 2006 ...	117
4.2.3. Game efficiency of female sitting volleyball athletes in World Championship 2006 .....	121
4.2.4. Game efficiency of male sitting volleyball athletes in World Championship 2006 .....	126
4.2.5. Game efficiency of wheelchair rugby athletes in European Championship 2006 .....	132
4.3. Taxonomic frame of athletes' classification in sport for persons with disabilities on example of wheelchair basketball .....	135
<b>5. Discussion .....</b>	<b>144</b>
5.1. Anaerobic performance in evaluation of disabled athletes' classification .....	144
5.1.1. Upper limbs anaerobic performance of wheelchair basketball athletes .....	144
5.1.2. Upper limbs anaerobic performance of sitting volleyball athletes .....	148
5.1.3. Upper limbs anaerobic performance of athletes with locomotor disabilities trained different sport disciplines .....	150
5.2. Game efficiency in evaluation of disabled athletes' classification in team games .....	154
5.2.1. Game efficiency of female wheelchair basketball athletes representing different classes in World Championship 2006 ..	154
5.2.2. Game efficiency of male wheelchair basketball athletes represneting different classes in World Championship 2006 ..	159
5.2.3. Game efficiency of female sitting volleyball athletes in World Championshiop 2006 .....	162
5.2.4. Game efficiency of male sitting volleyball athletes in World Championship 2006 .....	165

---

5.2.5. Game efficiency of wheelchair rugby athletes in European Championship 2006 .....	167
5.3. Taxonomic frame of athletes' classification in sport for persons with disabilities .....	171
5.4. Using of different research methods in classification of athletes with disabilities .....	172
<b>6. Conclusions .....</b>	<b>189</b>
<b>References .....</b>	<b>190</b>
<b>Annexes .....</b>	<b>205</b>
<b>List of figures .....</b>	<b>231</b>
<b>List of tables .....</b>	<b>233</b>
