Why attend EUCAPA 2012?

The European Conference in Adapted Physical Activity 2012 is a big event in the Adapted Physical Activity field and is coming to Ireland. Themes include: Adapted Physical Activity, Adapted Physical Education, Rehabilitation and Disability sport. Network with peers, present your work or learn from other experienced professionals. Leave with new ideas, practical to-do lists, enhanced understanding and real practical knowledge as well as up to date approaches. This conference is suitable for the following:

Medical/Rehabilitation professionals

Topics may include: Projects and research highlighting best practice in multi-disciplinary approaches to the design and delivery of adapted physical activity programmes.

Practical workshops introducing therapeutic interventions and research evaluating their impact on a variety of skills.

Families/Carers

Topics may include: Presentations on innovative projects delivered at home, in communities, in day centres or residential settings. Practical sessions covering a variety of adapted physical activities.

Information on supports and organisations to potentially link with.
